Ministers to Spain and Brazil Appointed and a Long List of Minor Offices Filled To-Day.

The conferrees on the Tartif bill have reached a final agreement on their report and It will probably be presented to the House this afternoon. The conferrees have agreed that the bill shall go into effect October 6. The duty fixed on binding twine is seven-tenths cents per pound. The duty on augar is that given in these columns yesterday— free up to No. 16 Dutch Standard, with five tenths cent a pound duly above that grade; the bounty to be 2 cents a pound on sugar above 90 per cent, po-lariscope test and 15 cent between 80 and 90.

No attempt will be made to put the No attempt will be made to put the conference report through the House to-day. It will be called up to morrow, and it is thought it will be agreed to before adjournment. The Senate will consider it Monday, and speeches will be made by Senator Aldrich, Carlisie, and possibly Senator Ingalis. It should go to the President Monday night or Tuesday. Senator Aldrich says Congress can adjourn past Tuesday, but the gress can adjourn next Tuesday, but the general impression is that an adjourn-ment will not be had before the end of the week or Monday following.

the week or Monday following.

There is a great deal of feeling among the Southern members about the proposed channe in the rate of bounty on sugar between eighty and ninety polariscope test. They claim that it is contrary to the rules of both houses for the conferrees to make such a change in an item on which both houses had agreed and Mr. Carlisle will make this point against the item in the Senate.

It is claimed by the Republicans, though, that there was a general disagreement between the two Houses on

greement between the two Houses on the sugar schedule, which warrants the proposed change in bounty; and, be-sides, that the change in the time of putting the bounty system into effect makes the change in rate of bounty

Some anxiety is felt about the attitude the Western Senators toward the Paddock is much put out by the action of the conferrees, and he has stated this afternoon that he will vote against the conference report. It is not known now many of the recalcitrant Senators wil stand with him, but the conferrees do not think there will be enough to de feat the report.
Senator Carlisle says that the Demo-

Speaker Reed and Messrs, McKinley and Cannon, the Republican members of the Committee on Rules, had a consultation this afternoon in relation to a programme for the dis-position of the conference report on the Tariff bill by the House. No agree that the Committee on Rules will bring in an order to-morrow providing for the immediate consideration of the re-port and a vote on its adoption after a few hours' debate. The report will un-doubtedly pass the House. Mr. Nedringhaus of Maryland stated that he will vote will place themselves on record as op-posed to it. In the Senate to-day the House joint resolution appropriating \$1,000,000 for the purchase of nickel ore and nickel matter for naval purposes was taken up. Mr. Cameron offered an amend ment providing that the purchase of it should be distributed among the contractors. An extended debate followed.

#### A SAD LIFE ENDED BY SUICIDE.

NEW YORK, Sept. 26 .- Victor L. Johnson, 19 years of age, shot himself through the heart, at No. 130 Hendrix street, Brooklyn, yesterday morning. No cause is assigned for the boy's mad deed. His relations vouchsafed no information to the police, and yet one of the saddest bits of life's history is revealed by the death of the unfortunate young man. He lived with his grandfather, R. R. Wheeler, who is employed in the navy-yard, and with whom he had been since a baby, because, as he recently learned, his mother had proved untrue to his father years ago. The latter is editing a newspaper in South Carolina. The boy had, beside this disappointment, trouble in a little love affair with the daughter of Assemblyman Earl, whom he had called to see Wednesday night. street, Brooklyn, yesterday morning.

Millionaire Flumber Who Was Wrongfully Accused of Murder, WEST SUPERIOR, WIS., Sept. 26 .-

W. H. Dwyer, the millionaire plumber of St. Paul and Duluth, was arraigned in court here yesterday on the charge of having wilfully murdered Register of Deeds E. V. Mundery. The State falled to make its case on the charge of murder, as six medical experts said the injuries could not have been inflicted in the manner claimed by the State. The judge held the prisoner for trial in the Circuit Court under ball of \$2,000. The result is taken in the light of an ac-quittal and a motion will be at once made to quash the decision.

The Arab Mind Much Perplexed Over the Slavery Situation,

LONDON, Sept. 26.-The Zanzibar correspondent of the Times says: "The report of the massacre in Viti is confirmed. One German named Manschell escaped. The denial of the death of Queen Anne-would be equally profitable with Ger-many's denial of the alayery proclama-tion. It is impossible to deal taus with a matter well within the cognizance of two communities like Bagamoyo and Zanzibar. The only question is how to apportion the responsibility for a course of action unsanctioned by Germany or her consul. Last Tuesday an Arab was publicly hanged in Bagamoyo for slave lealing. The Arab mind is consider ably perplexed over the action Germany has now adopted which cannot fall to clear the situation.

She had been in ill-health for about a year. Her affliction preyed upon her mind until it began to manifest evidence of weakness. Some months ago arrangements were made to take her to Philadelphia yesterdsy, and she con-ceived the idea that it was the purpose of her relatives to place her in an insane asylum. She preferred death to this

treatment for her maindy.

The Lynn Strike. LYNN, Mass., Sept. 26 .- The number of non-union employes in John T. Moulton's factory last evening had increased to nine. They live in the buildings. At 11 p. m. a force of thirteen skilled German workmen from Newark, N. J., arrived here. Moulton states that three men are ready to come here immediately. A flag was un-furled at the Worthley's West Lynn shoe factory yesterday in recognition of the success attending the effort to make the factory a free shop.

The Commissioners have not determined in what way they will get over the difficulty occasioned in the case of Lieutenant Guy by the illness of Colonel Robert and the change in the Commissionership on October 1. Commissioner Douglass said to day that he would probably go out to see Colonel Robert before the first and if the colonel is able to consider the matter he will talk it over with him. Commissioner Hine said that the board would make some arrangements by which a decision could be reached, but as yet no plan has been decided upon.
